DENTOPHILE.

DR. STRAWN'S DENTOPHILE for Cleansing, Preserving and Beautifying the Teeth, and imparting sweetness to the breath, is universally preferred, and is in high repute with the BEAU MONDE for its successful results in eradicating all tarter concretions, and imparting a pearl-like whiteness to the enamelled surface of the teeth, removing spots of incipient decay, rendering the gums firm and red, fixes the teeth firmly, and prevents the gums from receding. By its delightful fragrance it imparts a sweetness and purity to the breath. "The gates of pearl incased in coral," combined with a sweet breath, render beautiful the smile of all. An impure breath, too often the result of decayed teeth, detracts greatly from the charms of a lovely face. This exquisite compound contains nothing which can possibly disturb the healthy action and condition of the mouth; on the contrary, produces a coolness, and destroys all parasitical animalculæ which frequently exist around the teeth. In using Dentophile it is well to rub the gums thoroughly with your brush, which will completely cleanse and purify the teeth and breath. As a companion to other toilet articles it will be found to stand unrivalled.

D. G. STRAWN, D.D.S., 2279 Washington St., Boston, Mass.

DAVID G. STRAWN,

BOSTON, March 7th, 1876.

DEAR SIR:—This may certify that I have made a chemical examination and analysis of your preparation for the teeth, known as "Dentophile," and find that it is composed of materials known to be among the best which enter into such compositions.

Dentophile contains no injurious substance of any description, being entirely free from all acids, or any thing of a hard or gritty nature. I have no hesitation in asserting that this preparation is fully equal, if not superior, to any preparation of its class now before the public. Respectfully,

IO ROLLINS STREET.

JAMES F. BABCOCK,

Analytical and Consulting Chemist.

STRAWN'S "Dentophile" is a genuine article, as the members of our family will testify; for they have used it and would not be without it. It is put up in the form of a powder, of the very finest character, and has not the slightest grit in it; it forms an agreeable lather upon the teeth and gums, and keeps them in a healthy condition. It is put up in elegant style; and is truly a gem for the toilet.—*The Suffolk County Journal.*

STRAWN'S "Dentophile" is most decidedly a valuable adjunct of the toilet and it is fast becoming a favorite of the dressing-table.—*Boston Post.*

In these days of degenerated bone substance, any thing that will help to cleanse and preserve the teeth is especially valuable. The "Dentophile" prepared by D. G. STRAWN, in this city, answers this purpose admirably. It is pure, pleasant, effective.—*The Golden Rule.*

Having used STRAWN'S "Dentophile" for several years, we cheerfully recommend it to those who desire a tooth powder free from injurious substances. No toilet-table is complete without it.—*Daily Evening Traveller.*

"Dentophile," the new preparation for the teeth, made by Dr. STRAWN, upon correct and scientific principles, for cleansing away the seeds of decay and supplying the waste of material, is undoubtedly one of the best articles in the market. At all events, it is perfectly harmless, and its use certainly benefits the teeth and perfumes the breath.—*Boston Evening Transcript.*

Price, 25 Cents.—Ask your Druggist for it.—Take no other.

CARD ETIQUETTE.

The significations of corners turned on visiting cards:—

Upper right corner — Visit.

Upper left corner — Congratulations.

* Lower right corner — Adieu.

Lower left corner — Condolence.

Turning the entire left end — A call on the family.

R. S. V. P. — Please answer.

P. P. C. — To take leave.

To send a card without calling, signifies inability to call in person.

Acceptances or regrets should be sent as soon as possible after receiving invitations. If no reply is requested, and no regrets sent, it is understood the invitation is accepted.

“Party calls” should be made within one week after date of the party.

Invitations in your own city should be sent by messenger, not by mail.

It is the custom for a lady about to be married, to enclose her card in an unsealed envelope, which the servant should deliver; the lady not leaving the carriage.

To gentlemen’s visiting cards, “Mr.” should be prefixed to the name.

Any lady wishing to inform her friends of the presence of a lady visiting her family, should enclose her visitor’s card with her own, in the same envelope.

JA'QUES COLOGNE CO.

496 Tremont St.

Boston,
Mass.

With our Rival of Farina, we present again to the public,

JA'QUES' EXTRACT OF POND LILY,

which connoisseurs have pronounced peerless among perfumes; and we add to it

HELIOTROPE,

in perfection of flower;

“YE”

and

WHITE ROSE

CUT FLOWERS

of the olden time;

a bouquet of perfumes in one.

The following testimonial, freely given, will be, perhaps, our best endorsement

TO THE PUBLIC:

The undersigned are familiar with the Cologne Water prepared by GEO. JA'QUES, of Boston, which he introduces as the rival of the long-famous F. Maria Farina's 4711.

It is superior to anything we have seen of the kind, and so absolutely resembles the true Farina, that it must become indeed its rival.

When it is produced for sale, we shall gladly purchase it, and do all in our power to aid in the distribution of so excellent a perfume.

Helio type Engravings.

The public has at length come to understand that perfect copies of the best engravings are produced by the Helio type Process, being photographic in accuracy; and, as they are printed with printers' ink, like engravings, they are permanent.

Osgood's Helio types include hundreds of subjects, embracing works both by the Old Masters and by the most eminent of Modern Artists.

Among those represented in this list are:

RAPHAEL, COPLEY,
TITIAN, GAINSBOROUGH,
CORREGGIO, LANDSEER,
MICHAEL ANGELO, REYNOLDS,
LEONARDO DA VINCI, TURNER,
MURILLO, LAWRENCE,
GUIDO, MEISSONIER,
DURER, MILLAIS,
RUBENS, FAED,
REMBRANDT, ROSA BONHEUR,
AND SCORES OF OTHER FAMOUS ARTISTS.

PRICE OF HELIOTYPES, \$1 EACH.

Catalogues can be had upon application to the publishers,
